

FRENCH STRIKE IS NOT A WORD FROM ENDED; OUTBREAK OF DYNAMITING CONTINUES

Labor Leaders Yield to Force of the National Administration.

MEN WIN IN PART

Government Blames Anarchists and Not Unions for Violence.

PARIS, Oct. 17.—The strike committee of the railroad union at a meeting tonight formally called off the strike of the railroad employees, which has extended over several of the most important systems in France. Work will be resumed on all lines tomorrow.

The collapse of the strike was primarily due to the stringent measures taken by Premier Briand, who called to the colors the majority of the strikers, thus compelling them to service as reservists. The premier also placed under arrest many of the strike leaders and used the military force without restraint for the protection of life and property. After having broken the back of the strike, M. Briand successfully arranged a practical settlement whereby the chief demands of the men were met.

AT ENTRANCE TO TUNNEL

PARIS, Oct. 17.—Bomb outrages in connection with the railroad strike reached a climax today in an attempt to wreck a passenger train at Verneuil.

A bomb was thrown at the entrance of the tunnel to the Chantiers station at the moment a passenger train was about to leave. The bomb struck the side of a tree and exploded, landing beside the tracks, exploding with terrific force.

This and other outrages have spurred the authorities to new efforts. The police attribute the bomb throwing to anarchists and fighting strikers. They do not think the rank and file of the strikers are responsible. The frequency of the attempts convinces them that they are confronted with a far-reaching conspiracy.

Attempts at looting wrecking from various parts of France and serious catastrophes have been narrowly averted. Dynamite was found today strewn along the tracks near Miramas and an attempt was made to blow up a bridge spanning the River Lode nearby.

The police have arrested several additional strike leaders on the charge of committing disorders. A large number of strikers have been sent to prison. The government of France, which has already been reinforced, was further strengthened today by two regiments of troops will be employed to protect property.

CLAIM NO PROFIT IN MEAT BUSINESS

Packers Say Public Is Not So Bitter Against Them as Formerly.

CHICAGO, Oct. 17.—The report of the executive committee of the National Meat Packers' Association which met in annual convention here today, intimates that the affect committee of the United States Senate, when it met to investigate the high cost of living, did not act in the best faith in examining the packers.

The report says that while there have been some repetitions of the usual slurs and unfounded charges against the packers, they have lacked the venom of previous years and the opinion is expressed that a "baited" packer as a class are doing a legitimate business.

President Charles Rohe of the association, in his address, said that the last year, in many respects, had been unsatisfactory to the packers, owing to the high price of livestock. He declared that "packers and meat dealers have been doing business without profit during the year."

WOMAN IS SHOT BY JEALOUS HUSBAND

J. J. Payne Pursued His Wife Through Several States and Found Her in Illinois.

JOLIET, Ill., Oct. 17.—After he had passed through half a dozen states, Mrs. J. J. Payne was probably fatally shot tonight by her jealous husband, who shot himself dead directly afterward in the court house square.

Payne had lived in St. Paul, Minn., and had been married to Mrs. Payne at one time. His wife left him in the west and finally went to the home of a sister, Mrs. Charles Bruggeman, at Manhattan, Kan. Payne tracked her through several cities and at last met her in the street tonight.

CUBA DEVASTATED BY TERRIBLE WEST INDIAN HURRICANE; LOWER FLORIDA STORM SWEEP

Parts of Havana Flooded and City Is Cut Off From Rest of Island—Republic May Have to Appeal to Other Nations For Help—Raising of the Maine Will Be Seriously Delayed by Storm Damage—Many Lives May Be Lost.

HAVANA, Oct. 17.—The island of Cuba has probably sustained the greatest material disaster in all her history in the practically continuous hurricane that began with light rains on Thursday morning, developed into a tropical storm and then into a full-fledged hurricane and continued until this evening.

The first storm, which there was some warning, had barely abated on Sunday night when suddenly the wind changed from southeast to southwest. Cyclonic blasts swept over Matanzas, Pinar del Rio and Havana provinces, completing the destruction wrought by the first storm.

The property losses, doubtless, will aggregate millions of dollars. Many thousands of peasants in the three western provinces have been rendered homeless, and it now seems probable that the public may be compelled to request international aid.

In the city of Havana, the losses probably will exceed \$1,000,000, mainly due to the destruction of the custom house, sheds, which were filled with perishable goods, to the sinking of scores of lighters, many of them containing valuable cargoes, and to the submerging of about one square mile of the residential section of the city.

RAILROADS FIGHT THE LEMON RATE

Arguments Are Heard in the Federal Circuit Court at St. Paul.

ST. PAUL, Oct. 17.—Arguments in the lemon case of the Atchafalaya, Topeka and Santa Fe and other railroads against the Interstate Commerce Commission were heard by Judges Vandeventer, Sanborn and Adams of the United States Circuit Court today.

The hearing was on an application for a temporary injunction in restraint of the order fixing the rate made last spring. The commission ordered a blanket reduction from \$1.15 to \$1 per hundred weight between the seaboard.

The application was submitted upon answer of the commission and the intervenors represented by the Arlington Heights Fruit Growers' Association and others.

The roads claimed that the commission had no right to fix the rate from the Pacific to the Atlantic seaboard and at the same time allow them to establish the maximum rate of \$1 for all intermediate points east of the Rocky mountains.

The roads further allege that in fixing the rates last June the commission exceeded its powers and violated the fifth amendment of the constitution.

SHE WROTE "BATTLE HYMN OF REPUBLIC"

Julia Ward Howe Dies at the Advanced Age of 91 Years.

MIDDLETOWN, R. I., Oct. 17.—Julia Ward Howe is dead.

Bowed under the weight of her 91 years, the noted philanthropist and author succumbed today to an attack of pneumonia. The funeral will be held at the Church of the Disciples, Unitarian, in Boston, Thursday.

Born in a cultivated home in New York city and educated with care, the girl who was to become a world-famous poetess early showed an avidity for study and superior literary tastes.

She was 21 years of age when she came to Boston and met Dr. Samuel Gridley Howe, the philanthropist, to whom she was married two years later.

From that time until Dr. Howe's death in 1876, the couple showed a never-fading activity in all things making for the uplift of mankind.

After her husband's death, Mrs. Howe continued her work by pen and voice for many a worthy cause up to the very end. She had shared her husband's labors for the Greeks in their struggle for independence; she had assisted him in his anti-slavery work and fired the nation with her "Battle Hymn of the Republic."

ROCKEFELLER GIVES FOUR MILLIONS MORE FOR MEDICAL RESEARCH.

NEW YORK, Oct. 17.—John D. Rockefeller today celebrated the opening of the new hospital attached to the Rockefeller Institute for Medical Research with a gift of \$4,000,000. This benefaction makes the total of Rockefeller's gifts to the institution \$24,000,000.

FLORIDA KEYS STORM SWEEP

TAMPA, Fla., Oct. 17.—With communication with all points south of here cut off and wireless stations out of commission, Tampa and all the territory between Tampa and the Florida Keys is being storm swept tonight. It is impossible at this hour to estimate the damage from reports having been received from nearby towns.

Grave fears are felt for forty-six members of the Plant City artillery company stranded at Egmont Key. The company landed there this afternoon and soon after the tents were pitched the wind blew them down.

Considerable fear is also felt for residents of Passaic, a resort on the bay. There are at least fifty persons there and it is believed they will feel the full force of the disturbance.

Fortunately the four days warning given by the weather department served to put all shipping on guard. Not a boat has sailed in that time. It is feared the schooner Brazos, which sailed several days ago, is lost, as no tidings of her have been received.

A gale is blowing at the rate of fifty miles an hour and increasing in intensity every moment. Indications are that the storm will pass a little to the south of Tampa.

A wireless message, received here at 5 p. m., stated that a hurricane was sweeping over Key West at a rate of eighty miles an hour.

SEVERAL KILLED IN ELECTION RIOTS IN FRENCH WEST INDIES

BASSTERRE, Guadeloupe, Oct. 17.—Five men and three women were killed and at least twenty-five other persons were wounded, six fatally, during rioting in Guadeloupe today.

One of the dead, a woman 70 years old, was shot behind the closed doors of her home, which stands opposite the town hall. The trouble began through the election from the local party of the radicals.

The radicals attempted to force an entrance and assaulted twelve gendarmes who stood in their way. The gendarmes fired a volley indiscriminately into the crowd.

ACCUSED OF DOING MORMON POLITICS

Salt Lake Officials Resent Governor's Comment on City Morals.

SALT LAKE, Utah, Oct. 17.—The action of Governor Smoot yesterday in sending a letter to the board of county commissioners, sheriff, mayor of Salt Lake City and chief of police, charging that the city was infested with criminal characters and asking the county and city officials to cooperate in their eradication, is bitterly resented by the municipal authorities, who assert that the letter was intended for political purposes.

It is pointed out that there is no more crime in the city now than there has been for many years.

Chief of Police Barlow said today: "The city is clean, the police department is efficient. We are doing good work and this talk that is going the rounds is not based on any criminality here. It is merely a political subterfuge."

The county commissioners today authorized Sheriff Sharp to appoint fifty deputy sheriffs.

The charge that the governor's action was for political effect is based upon the fact that the city of Salt Lake is politically controlled by the American party, while the state and county are controlled by the Republican organization. The American party has for its professed object the elimination of political control by the Mormon church.

At the coming election the American party is seeking to extend its control over county affairs and the political parties being waged is a very strenuous one.

OTHER CENSUS FRAUDS TRIFLING

WASHINGTON, Oct. 17.—"The padding of census returns in the other cities mentioned by me in my statement of Saturday night was not insignificant, but in no instance was it as bad as in Tacoma," said Durand of the census bureau today.

"I wish you would make that plain," he added, "for I do not want the understanding to prevail that there has been anything like a general effort in the West to inflate the figures to the extent that has been shown in Tacoma."

Mr. Durand said that in many cases the fraudulent names had been traced to individual enumerators, who appeared to have resorted to the trick for the purpose of swelling their compensation, pay in each instance depending upon the number of names returned.

CONFESSES DYNAMITING JAPANESE BUNK HOUSE

OLYMPIA, Wash., Oct. 17.—Roscoe Jones, aged 18, and Ashton Watson, aged 21, are in jail here as the result of the dynamiting of a bunk house at Gate, in which fourteen Japanese were asleep, Friday night. Prosecuting Attorney John M. Wilson said tonight that Jones confessed and that he who caused Watson to be the man who cut the dynamite under the building. He is also alleged to have implicated five other men at Gate, all discharged employees of the Gate City Lumber Company, for which the Japanese are working. Warrants were issued for the other men implicated.

THREATS AGAINST KETCHEL'S SLAYER

Body of Dead Fighter Is Conveyed From Missouri to Michigan.

SPRINGFIELD, Mo., Oct. 17.—Conveying the body of Stanley Ketchel, the champion middleweight pugilist, who was shot and killed on Saturday by Walter Dillsey, alias Walter A. Hartz, back to the pugilist's old home in Grand Rapids, Mich., R. P. Dickerson, on whose ranch the fight was shot, and General Emmett Newton, long a friend of Ketchel, left here today.

A coroner's jury will hold an inquest into the death of Ketchel tomorrow morning. Hartz, or Dillsey, is being guarded carefully in jail at Marshfield. Rumors of threatened mob violence have led Sheriff Shields to keep a special lookout for his prisoner's safety.

ARIZONA PLANS TO CURB CORPORATIONS

Strict Provisions Introduced for Draft of Proposed Constitution.

PHOENIX, Ariz., Oct. 17.—Constitutional provisions, designed to eliminate "wildcat" corporations, and curb irresponsible promoters who take advantage of the present liberal incorporation laws of Arizona will be proposed by Delegate Ellmwood at tonight's session of the constitutional convention. As drafted, the proposed constitutional articles make stockholders liable for corporate debts as well as unpaid portions of capital stock, and provide a corporation tax in proportion to capitalization. Another section is designed to prevent foreign corporations from doing business in the new state under more favorable conditions than domestic concerns.

Ellmwood is chief counsel for the Phelps-Dodge company, a large mining and railroad corporation.

Thirteen propositions were presented today, including three for the initiative and referendum, and one embodying the corporation plan for a school system, which requires segregation of the sexes. Another would prohibit the disposal of school lands for twenty-five years.

A petition signed by 500 workingmen of Globe was read to the convention. It asked for a constitutional provision which would compel corporations to employ at least 80 per cent American labor and thus stop the alleged rapid increase in the number of illiterate, non-tax-paying foreigners employed in the mining camps.

ROOSEVELT SCORES NEW YORK CANDIDATE

Urges Power of the State to Right Unjust Labor Conditions.

TRAY, N. Y., Oct. 17.—Theodore Roosevelt journeyed up the Hudson today, speaking in behalf of Henry L. Stimson, Republican nominee for governor, and belaboring John A. Dix, the Democratic nominee. Tammany Hall and Wall Street as he went, Roosevelt's throat was in much better condition than it was when he returned from the South in trip.

At Schenectady he made two speeches, and then came to Troy to wind up the day with a big meeting, wherever he went.

Colonel Roosevelt in Schenectady stood squarely by his criticisms of decisions of the Supreme Court. He defended the right servant and referred to the decision of the court in the so-called "shakedown cases."

"These judges decided," he said, "that the constitution of the United States forbade our prosecuting labor men from being forced to work in unsanitary conditions, and this was a decision against State's rights, against the right of the State to act in such a vital matter, where it alone can hope to act."

"With an insincerity which it is not so severe to call downright intellectual dishonesty," Mr. Dix actually says that when I protest against this decision of the Supreme Court, which is itself against the rights of the State of New York, I am advocating centralization of power."

BLAMES PREACHER FOR DOWNFALL OF SON AS SMUGGLER

LOS ANGELES, Oct. 17.—Because his home was not what it should have been," Judge Wellman of the United States District Court, let off Rosal Lefford, a youthful opium smuggler, with a fine of \$100 today, so that the punishment would fall mainly upon the father, an evangelist of San Diego, who paid the money.

Young Lefford, whose age is 19, was convicted of having brought a can of opium over the line from Tijuana. Before sentencing him, Judge Wellman declared the father had neglected his son's moral welfare to care for the souls of others. For that reason, he added, the lad was not responsible for his crime. Lefford's mother is a school teacher in San Diego.

"HIGH GRADE ONE" THIEVES CAUGHT ON MEXICAN BORDER

Nervy Bandits Who Loaded Mineral on 12 Burros Found Exhausted.

SILVER WORTH \$10,000

Kidnap One of the Boldest Ever Perpetrated in the West.

DOUGLAS, Ariz., Oct. 17.—Pursued by rangers and special officers from the mines, three Mexican bandits who rode the Lone Tiger mine and escaped with \$10,000 worth of high grade silver ore, surrendered today and were placed in jail tonight at Nogales. The robbery occurred Thursday. For four days the robbers had gone without food or rest to escape the close pursuit, and were glad to give up.

The robbery was one of the boldest ever perpetrated in this region. The bandits drove a pack train of twelve burros to the mine, loaded their animals with 25 sacks of silver ore, valued at \$100 a sack, and drove away before the men at the mine realized what was happening. It was at first supposed that the robbers were employees of a contractor engaged to transport the ore to Yuma, where it was to have been shipped to El Paso. All the ore was recovered. When the pursuers came upon the robbers both the men and the burros were exhausted.

BELL SPEAKS TO TREKA AUDIENCE

THREE THOUSAND GATHERED AT THE FETERLICH HALL TO HEAR THE SPEECH OF THE CANDIDATE FOR GOVERNOR.

THREE THOUSAND GATHERED AT THE FETERLICH HALL TO HEAR THE SPEECH OF THE CANDIDATE FOR GOVERNOR. The speaker, Hiram Johnson, addressed the audience on the subject of the graft prosecution in San Francisco and the State.

TEN BALLOONS IN GREAT RACE

Fifth International Contest Starts From Center of United States.

ST. LOUIS, Oct. 17.—The fifth international balloon race was launched this afternoon with ten competitors representing a score of nations, ascending amidst a plaudits of thousands of enthusiastic spectators. Under ideal atmospheric conditions, amply provisioned for fifty hours or more and ballooned with the utmost care, the balloons sped away to the north, south and northwest, and were released at intervals, varying from one minute to twenty minutes.

The balloons, the nations represented, and time of ascent, follow: Condor (France), Jacques Fauer pilot; Ernest G. Schmuck, aide, at 4:40.

HEARST COMMENCES NEW YORK CAMPAIGN

Says He Can Find No Democrats on Democratic Ticket to Vote for.

NEW YORK, Oct. 17.—The New York state political campaign jumped into full stride tonight when the Independence League took the field with two mass meetings—in Manhattan and in Brooklyn.

It was the Independent campaign of W. H. Hearst, now candidate for lieutenant governor, that elected an entire fusion ticket for New York City a year ago. Mayor Gaynor excepted.

The principal speakers tonight were John J. Hopper, candidate for governor, and Hearst.

In accepting the nomination, Hopper declared that he preferred the more honest man to the more powerful man. He said that he was not a politician, but a citizen.

"Some two months ago Mr. Roosevelt felt declared he would drive the bosses out of the Republican party in New York," said Hearst. "Then he went to Colorado to enroll."

After a couple of weeks waiting I wrote an article telling Mr. Roosevelt that if he was sincere in his fight against the bosses he should come home to New York and attend to that important business.

"Mr. Roosevelt read an extract from that article and said that he was going home to fight the bosses. He arrived in his own state only two days before the primaries."

"Mr. Roosevelt won his personal point, but he won no victory for the people. He wrested the control of his party from the hands of Henry Ross, Barnes and exposed it in the hands of his personal friends, the Hearsts."

"As for the Democratic ticket," Hearst said, "it was brought up by a Democrat and I might as well bring for the Democratic ticket in this campaign. If I could find any Democrats on the ticket I vote for it."

KILLED BY ACCIDENTAL SHOT

NEWARK, N. J., Oct. 17.—Louis M. Deris, a 19-year-old boy, was accidentally killed last night while hunting in the marshes near here. His shot-gun was exploded by the alarming of the door in the cabin, where with two companions he was preparing to start for the slough. The contents of both barrels of the gun entered the boy's abdomen.

SCHOONER FOUND HELPLESS

SEATTLE, Oct. 17.—The steam schooner Santa Monica, bound from Grays Harbor to San Francisco, was picked up helplessly by the U. S. cutter Albatross, which was on a patrol near Seattle. She had a wreck in the straits which could not be seen at sea.

"A STUBBORN CINDERELLA" IS THE TUNEFUL MUSICAL COMEDY TO BE GIVEN TOMORROW NIGHT

With the Chicago newspaper editor's assistance, which they gave under circumstances do in an effort to see which one could write the most enthusiastic praise of "A Stubburn Cinderella," the musical play by the authors of "The Time, the Place and the Girl," and "The Goddess of Liberty," they could not have been more laudable after its premier performance than they were. James O'Donnell Bennett, the scrupulous critic of the Chicago Record Herald, said: "A Stubburn Cinderella" would undoubtedly remain at the Prince's Theatre for a solid year. The place provides plenty of fun without recourse to spectacular embellishment, yet never a lapse into vulgar parade. There is never a dubious line or situation nor a suggestion of questionable display in the whole performance.

"It moves gaily from one melodious and cheerful episode to another and has plenty of clean, good natured, pungent, quip and jest while the scene is full of singing, and rises above the level of their kind."

Percy Hammond of the Chicago Evening Post, Burns Mantle of the Tribune, Miss Amy Leslie of the News were all equally enthusiastic and discriminating in their praise of the play. While O. L. Hall of the Journal corroborated Mr. Bennett's prediction that this play would remain for one solid year at its home in Chicago, "A Stubburn Cinderella" will be the attraction at the Barton tomorrow evening.

"Our New Minister"

The attraction at the Barton next Thursday evening, October 20th, is the return of Dennison Thompson and George W. Ryder's everlasting success, "Our New Minister." If you enjoy the kind of play that causes you to forget the cares of the day, the style of play that mingles tears with laughter, a story so natural, in its production that one recognizes in its

THOMAS & HARRIS
Public Accountants
Solely Qualified and Audited. S. J. Harris, President. San Francisco. 1025 Union St. Room 202.

John Mason in "The Witching Hour," characters the homely country folk with whom one has mingled in days gone by, if you would have all this, under no circumstances should you miss seeing "Our New Minister" by the authors of "The Old Homestead." The same superb cast and scenic equipment as during the New York and Chicago engagement will appear here. The next sale is now open.

"The Witching Hour"

At the Barton next Friday evening John Mason and his Hackett Theater Players are to appear in the Messers. Shuberts original New York production of "The Witching Hour." Augustus Thomas' beautiful love play. This piece was among last season's dramatic offerings. Augustus Thomas wrote "The Witching Hour" especially for John Mason, and it is not uncertain that he did not have in mind several of Mr. Mason's supporting players. Mr. Mason's remarkable success at the Hackett Theater in New York, where he appeared nightly as Brookfield for one whole season and part of another season, decided the Shuberts not to disturb the original company.

New York and Boston bring "The Witching Hour" with being the

FOUR YEARS OF STOMACH TROUBLE

IF YOU ARE A DYSPETIC SEE IF THIS CASE WAS LIKE YOURS.

It Yielded Readily to the Tonic Treatment Which Has Cured So Many Cases Thought to Be Chronic.

Nervous dyspepsia usually attacks those who have inherited a nervous constitution. It may, however, follow indigestion of living, or result from a condition of nervous debility following acute disease, such as fevers or the grip.

Sufferers from this trouble present varying symptoms. Some lose flesh until they are extremely emaciated, complain of nervousness and headaches and great distress at the stomach. Others are healthy looking in every way and recognize the disease only by pains and uneasiness after eating.

In the case of Mrs. Caroline Rogers, of No. 4304 Labadie avenue, St. Louis, Mo., stomach trouble was due to the run-down condition following a fever. She says: "I suffered with stomach trouble for about four years following a severe attack of malaria. My stomach was left in terrible shape. Everything that I ate distressed me. There were severe pains across my stomach. I was very nervous, my strength gave out and I was unable to do my work. I had terrible headaches, which seemed to affect my eyes. I was under the care of a doctor for a number of months. He said I had nervous dyspepsia but he did not help me. My son finally advised me to try Dr. Williams' Pink Pills and I did so. I could see they were helping me from the start and used them until cured. I have since used the pills as a tonic and always get benefit from them."

The value of the tonic treatment with Dr. Williams' Pink Pills is shown by the thousands of cures the pills have made in the various forms of stomach trouble, as acute stomach, nervous dyspepsia, neuritis of the stomach, gastritis and catarrh of the stomach.

A booklet, "What to Eat and How to Eat," giving valuable information will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Healthful Home Drink

Horsford's Acid Phosphate makes a healthful and invigorating drink with water and sugar only. An invigorating and delicious beverage and one of the best restorers when the energies flag and the spirits droop.

Horsford's Acid Phosphate
Non-Alcoholic.

greatest drama of the century, and of course the extraordinary endorsement was given at seeing Mr. Mason and his company. John Mason is a great spotlight favorite. Years ago he came here in support of Edwin Booth and many of the other stage celebrities of Booth's day and more recently as leading male player in support of Mrs. Fiske, in "Leah Kleschna" and "The New York Idea," and is now at the head of his profession. The English-speaking stage does not boast of a wider repertoire, a better liked or a more capable character actor. The seat sale opens this morning at 9 o'clock.

"Her Husband's Wife"

Henry Miller will be seen in Fresno next Monday evening, at the Barton Opera House, appearing in his latest success, "Her Husband's Wife," which ran out the season last year in New York and Chicago alone. Mr. Miller comes to Fresno in his new comedy before offering it for the first time in Boston, Washington, Baltimore, Pittsburgh and the other big cities of the East, thereby giving theater-goers here an opportunity to see the play before it has become an old story on the other coast.

The actor-manager is still supported by the original cast that appeared with him in New York and Chicago, including Laura Hope Crews, Josephine Lovett, Walter Hackett, Charles Gottbold and L. H. Hunt. The play is described as a farcical comedy in high comedy settings. It is built on the eccentricities of the feminine mind, as instanced by a young wife who, suffering from an acute attack of lunaticism, believes her husband is about to desert her. She is about to select her husband's second wife. The unwholesome moral of the play is that, if you wish to make a woman perfectly happy keep her well supplied with trouble. The seat sale opens next Thursday morning at 9 o'clock.

DIRT FLYING NOW ON THE WAHCKE BRANCH

Earth Being Used for Track Work at Various Points; Heavy Track Here.

Steam shovel excavating of earth is going on rapidly now in the Santa Fe pit near the Wahcke wherry. The gravel thus obtained is used in track work in various places. Several score carloads are shipped out every day. Much of the gravel is being used for the Wahcke branch, as the line runs through vineyards where no grading has been done. The track there lies on fills of earth placed on the ground. The earth also is used in raising the track between Conelo and Lorton. The track is being raised about three feet and the embankment is being widened preparatory to using rock ballast and the laying of the heavy steel rails.

The heavy steel rail-laying gangs from the north now have completed all of the track to Fresno, and 30-pound steel is the rule to this point. As soon as the preliminary work is finished, the heavy steel will be laid to Lorton. The stretch between Corcoran and Lorton already has it.

NIGHT SCHOOL TO BE STARTED IN A WEEK

Commercial Branches to Be Taught; Contractor to Rush High Building.

A public night school will be operated in the Washington grammar school within a week or so, according to the plans of the City Board of Education expressed at the regular meeting of that body last evening in the office of Superintendent of Schools C. J. McLane. The plan was placed in the hands of the committee on teachers, with Mr. McLane in charge of the arrangements. While there is a bare chance that the night school may be in the High school, it probably will be installed in the Washington grammar school building.

Primarily, the night school will be for teaching the commercial branches, particularly English, arithmetic and other essentials. All subjects, however, for which there is enough demand to justify the organization of a class with a special teacher will be taught in the school. The first classes will be held in about one week from now.

RUSH HIGH SCHOOL WORK
Contractor Stinson appeared before the board last night and promised that all the men who could be placed to advantage on the new High school building annex will be placed there without delay and that the work will be rushed as fast as possible.

All of the material is now on the ground, he stated, and there will be no further delay. In view of the statement of the contractor the board took no further action in regard to the work, which now is several months behind the schedule, and the matter at present is in abeyance.

MADERAN DIES SOON AFTER SEA VOYAGE

George Footman Succumbs to Spinal Trouble in San Francisco Hospital.

MADERA, Oct. 17.—George Footman, a stone-cutter who has worked in the quarries at Raymond for the past twenty-one years, died at the German hospital in San Francisco last Saturday night, after an illness of eight days, due to inflammation of the spinal cord. He and his family had been to Santa Monica and returned to San Francisco by boat. On the voyage Mr. Footman was taken ill and went to the German hospital, where all that science could do was done for him without avail.

The deceased was a native of England, and was aged 35 years. He leaves a wife and two sons, George and Lloyd, a mother, Mrs. Anna Footman, and two brothers and a sister. They are Arthur E. and William Footman, and Mrs. D. O. Barker. The Democratic county candidates left here this afternoon for the hills, where they will spend ten days courting the voters. Only a few of the candidates have opponents, but nearly all of them will go. The next meeting will be held at George Gold tomorrow night.

ORDER MADE FORBIDS METAL WORKERS TO DO PICKETING

Notable Departure Made in Case in Deference to Party Platforms.

Eccelestion Case Up on Alimony Inquiry; Gunn Released on Parole.

After an afternoon consumed by the arguments, Judge Austin overruled the general demurrer in the case of the Western Pipe and Steel Company against W. J. O'Brien and others of the steel and iron metal workers' alliance of Los Angeles to enjoin them from prosecuting boycott and picket tactics in connection with the labor troubles in the Coalfield field. A temporary restraining order against boycotting and picketing was issued without objection made by the defendants. The latter thereupon filed an answer during the day, and specifically every allegation in the complaint, and trial of the case was set for the 27th inst. It may be of interest to note that in this case a departure from the recognized mode of procedure was made in withholding the issuance of a temporary restraining order until after a hearing of the case. This was in deference to the declarations made in the two last national party platforms against the granting of injunctions and restraining orders on one sided presentations of a case.

WHAT'S ECCELESTION WORTH? The Eccelestion divorce case will be further fought on this morning on the question of his financial status as a basis on which to fix the permanent alimony order. The hearing was had before Judge Church in chambers yesterday afternoon and the parties to the case came together in the same room for the first time in a long while. The divergence of testimony as to his financial ability was so wide that Judge Church ordered him to bring all his books and papers into court this morning. Eccelestion besides claiming that he is some \$10,000 in debt, maintained that his income is not more than \$2 a month. His lady says it is more than double that.

CRIMINAL CASES.

The youth, A. L. Gunn, having pleaded guilty, was before Judge Austin for sentence for burglariously entering the locker room of Captain Wilson's military company in the Barton theater building. The sentence was imprisonment for two years, but execution of it was suspended and the accused paroled in the custody of his brother, R. E. Gunn of Madera, and to report monthly to the sheriff while under parole. Young Gunn must also abstain from the use of intoxicants. He has been ordered to vacate the home for feeble-minded and this fact was urged in mitigation in his behalf.

Half a dozen prisoners were before Judge Austin yesterday afternoon for arraignment. The only case of special interest was that of N. H. Karalan, who was reported to have forfeited his cash bail. His case was set down for the 2nd prox., and if he does not appear then his bail will be formally declared forfeited to the county. In anticipation of criminal trials, Judge Austin ordered a special venire for twenty-five talesmen returnable on the first of the month.

John Johnson pleaded guilty and was fined \$75, which he paid. He assaulted George Wilson, a fellow street car employee, on the 16th of last August with an iron switch bar.

ADOPTED A BABY.

Bert L. Murphy and wife, Jennette, took out yesterday papers adopting as their child, Emma Hills, aged 3 years, who having in June last been abandoned by father was relinquished to the Fresno Humane Society by the mother, Flora Hills. Baby Hills will hereafter be known as Margaret Murphy.

READY TO BE CLOSED.

The residue in the estate of Henry Smart has been ordered distributed in equal shares to the widow, Martha J. Smart, and the adult daughter, Stella G. Howard, wife of the administrator. The residue consists of lots 7 and 8 in city block 152, appraised at \$500. Smart was the court house engineer for many years.

Cash on hand totaling \$6,127.46 is reported for distribution in the estate of Daniel Hollinshead out of an original appraised value of \$7,335.51. According to the will \$355.50, or one-tenth goes to a grandson, and \$478.23 to each out of the remainder to six sons and daughter.

COURT NOTES.

A demurrer to the third amended complaint was overruled by Judge Austin in the suit of Sam B. Tombs against the city of Fresno for pay for work done on the big sewer under the administration of City Engineer Hoxie. Judge Church will not hear before Friday the motion for a new trial made by the defendant in the Coalfield partnership accounting case of John Doudell vs. John J. Shon and others.

The first of the divorce cases has been given leave to set aside 30-32 in city block 24 for which it has no longer use for church purposes.

Demurrer was overruled and ten days given to answer in the divorce case of Augusta Webster against M. H. Webster.

Mary L. Bates sues Roan Bates for divorce.

REV. BEAL SPEAKS TO LARGE AUDIENCE

"Gospel of the Helping Hand" Subject of Illustrated German Last Night.

To Speak Tonight.

Another large crowd greeted Rev. Beal last night in the revival services he is conducting under the auspices of the North Side Christian church. He delivered an illustrated sermon on "The Gospel of the Helping Hand." The views were taken from life and revealed what a Christian environment will do for the little waifs of the street. The speaker described the work of the

News of Oil Fields

STANDARD ASKS ONLY TO BE LET ALONE NOW

Agency Associated Agreement Has Octopus Effectually Out of Control.

SAN FRANCISCO, Oct. 17.—"You let me alone and I will let you alone." That is the proclaimed motto of the Standard Oil Company of California. Indications are that the spirit and role of this motto will obtain with reference to the understanding between the Agency and the Associated.

The famous company realizes that it is not in a position even to attempt to dominate the oil business on this coast, particularly the fuel branch of it, without an expensive, dangerous and uncertain contest. In view of this it is, therefore, particularly circumspect as to be governed against its inclination, perhaps by the foregoing motto.

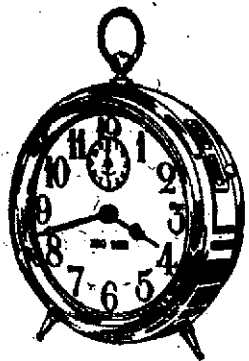

Still, it is a well known fact that the Standard has never desired the fuel oil business. The profits this returns under the most favorable conditions do not come up to the company's idea of profit. It is a refiner. Here is the fruitful source of its big dividends. Of this business it is master. Its object in being in the fuel business is to dispose of the residuum of its great Richmond refinery. There are some buyers of this for fuel and many who will not buy it. It does not belong to compare in worth to the regular or unprocessed oil.

Talks On Osteopathy

BY
A. L. HUNT D. O.
OSTEOPATHIC PHYSICIAN

Osteopathy is not a "cure all." There are cases that it will not cure. It is for that reason, and the additional reason that I do not care to treat hopeless cases, that I make no charge for consultation and examination. I prefer to encourage the patient to have a careful, thorough, painstaking examination, then we know if the case is curable.

Ask your friends who have been here for examination, they will tell you that the examination was neither painful nor embarrassing, and that they were not urged to try the treatment. If your case is found to be curable we will treat you, provided you wish it. The decision is up to you.

Terms \$1.50 per treatment.

ATTORNEYS THRESH OUT REPORT OIL STRIKE YARD OIL DECISION WITH PIERCE

Edmund Burke Argues
Against Reversal of Decision at Hearing.

Pierce Leaves Today for a
Visit to the Fields of
the State.

LOS ANGELES, Oct. 17.—Attorneys representing the Bakersfield Fuel and Oil Company presented their protest against the Yard oil land claim decision to Frank Pierce, first assistant secretary of the Interior, today. San Francisco oil interests were also represented at the hearing.

Pierce held a long session with the petroleum men and announced tonight there would be more arguments tomorrow.

Pierce rendered the decision, which it is asserted works great hardship to the oil men of California. He held that transfer of a claim of 160 acres before the discovery of oil was invalid. The Yard case hinged on an allegation of fraud, involving an attempt to aggregate timber land under guise of a mineral claim.

The attorneys asserted that the ruling of the land office following this decision were hampering the development of the oil industry.

Edmund Burke was the only one of the many attorneys heard who spoke in favor of the Yard decision. He asserted that a reversal of judgment in the case would enable land grabbers and corporations that already hold large areas to obtain more land.

Pierce will leave tomorrow to visit the oil fields. He will spend two or three days there inspecting the region. In the meantime, the attorneys opposing the Yard decision must have their briefs ready by the end of the week.

Clergyman's Son Cured of Tuberculosis

To neglect a cold, bronchitis, lung trouble or Consumption is dangerous. We all know how prone people are to deny they have Consumption. It is a flattering disease, and the sufferer is filled with bright hopes of improvement. Call Consumption by its own dread name—and then—take Eckman's Alternative, because it is effective in Tuberculosis. One need doubt about it—there is plenty of evidence from live witnesses. Investigate the following:

"Gentlemen: Prior to February, 1908, I was located in Rochester, N. Y., suffering with tuberculosis, which developed into Consumption. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 pounds. I coughed and raised continually, and because so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alternative and induced me to take it. The night sweats and chills disappeared, my cough became easier, and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health back to 185 pounds. I feel certain that I owe my life to Eckman's Alternative."

(Signed) "E. H. COWLES."

"Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life."

"I wish to add my endorsement to every word of his testimonial."

(Signed) "REV. J. J. COWLES,"
Pastor Presbyterian Church.

Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. For sale by all leading druggists. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa., for additional evidence.

We Put It on the Wall

PATTERSON-DICK CO.
FRESNO, CAL.
137 FRESNO ST. M. 555

Company Drilling for Three Years Finds Grease Coming Through Water.

SANTA BARBARA, Oct. 17.—After three years of drilling, and when hope was about to be abandoned, oil has been struck on the holdings of the Santa Lucia Oil Company, San Lucas ranch, four miles south of Santa Barbara, and less than thirty miles from Santa Barbara.

Samuel P. Cate, interested in the company, received the information here at noon, and immediately communicated with Arthur Alexander, another interested, who was at Los Olivos. Mr. Alexander hurried by machine to the well and later telephoned a substantial part of the report.

The oil was struck at a depth of 3800 feet. In the casing there was considerable water, which retarded the flow; in fact, it prevented the oil from getting to the surface in such a refined state as to tell positively what gravity it is.

Mr. Alexander says, however, that the oil would test about 34 or 35, and that that which has come through 3800 feet of water would go 25. The oil is a light green, very much like the Santa Paula oil. All other wells in the upper end of the Santa Ynez, Santa Maria field develop a black oil.

At the point of contact with the oil bearing strata the casing was six inches. This will be cemented, and pumped out, and then the well will be developed. "Not before this time, however, will it be possible to determine just what sort of a well has been developed."

The company is made up of Santa Barbara and San Francisco capital. Santa Barbara holding 49 per cent, while the Crocker estate of San Francisco the remaining 51.

There is great excitement in Santa Ynez as the result of the strike, which is considered the most important since the Santa Maria field was opened, in that it opens entirely new territory.

The Santa Lucia company was formed by capital interested in the Santa Ynez valley for the purpose of testing that region for oil. Now that oil has been found there will be several rigs placed on the ground and operations will commence shortly on several properties. A rush on to the government lands in the vicinity may also be expected.

COIN COMES BACK TO A HIGHER SAND

The Coin Oil Company, in section 4-21-22, which is in the extreme north Midway, after going down to a depth of about 3,800 feet and finding a sand that did not look like the pay streak, has come back up to 3,575 feet, and a sand that looked good was encountered, and is now cementing off at that depth in 10-inch casing. At the time the sand where the coin people now are working was pierced, there was a good showing of gas and oil, the latter being forced up through the water and running over the casing. Samples were taken and showed indications of a light product. Despite reports that this section of the Midway field is not proving up as expected, the coin people are still confident that they will have a well. The 10-inch hole to a depth of practically 3,900 feet they point out as a very workmanlike piece of well drilling.

HERE IS A REMEDY THAT WILL CURE ECZEMA

"WE PROVE IT."

Why waste time and money experimenting with greasy salves and lotions, trying to drive the eczema germ from underneath the skin, when the San Joaquin Drug Company guarantees ZEMO, a clean liquid preparation for external use to rid the skin of the germ life that causes the trouble? One application will relieve the itching and often times a bottle is sufficient to cure a minor case of eczema.

In over 2000 towns and cities in America, the leading druggists have the agency for ZEMO and he will tell you of the marvelous cures made by this clean, simple treatment. ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation? San Joaquin Drug Company.

RHEUMATISM WEAK KIDNEYS & THIN BLOOD

Not only is the blood the great nourishing source of our systems, but equally as important is its work of removing the waste of oxidized tissues which have been consumed in force and bodily heat. This waste is filtered out through the kidneys. When, however, the kidneys become weak and unable to perform their regular duties, the waste is allowed to remain in the circulation, soon forming uric acid which destroys the greater portion of nourishing elements of the blood and leave it weak and acid. This imperfect blood deposits into the different muscles and joints the uric impurity with which it is contaminated. Then the pains and aches of Rheumatism commence. The gritty formation which uric acid causes collects in the joints and produces the aches and stiffness which always accompany the disease. Likewise the muscles are chilled and lose their elasticity, while the continual irritation to the nerves produces swelling and inflammation of the flesh.

S. S. S. cures Rheumatism in the only way it is possible to overcome the disease; it cleanses the blood of all uric acid and poisons and strengthens the kidneys so they are enabled to properly filter out the waste. S. S. S. is not only the best of blood purifiers, but a fine tonic. Book on Rheumatism free to all who write. S. S. S. SWIFT SPECIFIC CO., Atlanta, Ga.

SOCIETY

Those who enjoyed the social of dance given by the Association last year will be pleased to learn that the lady managers have issued cards of invitation to old members that those functions will be resumed this winter, with many additions to the number. The social of the younger set and not "last season" but now eligible to the delightful evening only arranged for 1910-11. As before, it is proposed to give four elaborate dances, the first set for somewhere near the "Tinkling Holiday." The original patronesses, to whom is due the entire success of the brilliant affairs of the winter, will again be in charge. They are Mrs. Frank H. Short, Mrs. Thomas W. Patterson, Mrs. George C. Koenig, Mrs. F. M. Remond, Mrs. H. F. Shepherd and Mrs. DeWitt Gray.

Miss Mrs. Dickenson returned Sunday night from a delightful sojourn spent in Los Angeles, where she was the guest of Mrs. Edwin Rowe. During her visit she saw the motif for an elaborate dinner given by Mr. and Mrs. William L. Graves.

Mrs. W. D. Coates and Mrs. Florence Breed expect to journey eastward about the first of the month. Mrs. Coates will spend part of her time in Memphis and Mrs. Breed will visit relatives in Chicago, also in Indiana and the "Sunny Southland."

Mr. and Mrs. Harvey Swift and Mr. and Mrs. F. M. Haman will spend next week in San Francisco.

Mrs. Edwin Rowe of Los Angeles is visiting her mother, Mrs. E. W. Risley, of this city.

The Bible class of the Young Women's Christian Association will meet this evening at the usual time and place with Miss Houston as leader. Subject, "Religion in Physical Life."

The Memorial Circle of the First Baptist church will meet with Mrs. Edward Budge tomorrow afternoon at her home on McKenzie avenue.

The Presbytery of Nevada meets today and will be in the nature of a fore-runner of the Synod, which begins on Wednesday for its five day session.

Mrs. Fred Fisher and her daughter, Miss Hazel Fisher, are registered at the Hotel Manx in San Francisco.

The Query Club met at the home of Mrs. H. Z. Austin yesterday afternoon. Each member had chosen some character of the Elizabethan period to sketch, and many of them were exceedingly

MUST NOT EXPECT TO SELL WHOLE CROP IN NINETY DAYS

Output Should Be Marketed

Only Danger Is Stampede
Among Growers All to
Sell at Once.

Editor Republican.—We are today in receipt of clipping taken from the Fresno Republican, issue of October 4th, subject:

Rapid transportation of dried fruit is cause of quiet; cars go through in nine days; jobbers can wait to cover needs.

We desire to express our views as to the reasons for the present lack of buying interest which has developed the past few weeks in the Eastern markets on raisins and other California dried fruit products.

Does it not stand to reason and is it not plain to every one in California that the products would naturally be greater when the goods purchased by the jobbers are available on the spot in Eastern markets than they would be in "killing time" on railroad sidings across the continent? The better service furnished by the transcontinental lines, the greater the consumption of California products, and we desire to point out that if it were not for the miserable service rendered by the railroads in the year 1907, hundreds of thousands of dollars would have been saved by the owners of California products inasmuch as the vast tonnage that was so greatly delayed would have been available on the market for consumption and the major portion actually consumed instead of standing on the sidings of the railroads, and we say all this notwithstanding the panic that prevailed during the fall of that season.

There are two reasons, and only two, so far as we can judge why the raisins and dried fruit business of the past few weeks has been inactive.

Firstly, the trade has bought in very fair volume, while not speculatively, have anticipated their fairly full requirements for some time to come. Take the statistics of raisins, the tonnage of 1909 crop shipped in the past six months and the anticipated tonnage to be shipped of the new crop during the months of October and November, and you will find the tonnage very considerable and it can not be expected that the trade will continue buying in twelve months of the year.

Secondly, as soon as the buying let up the markets have weakened, although the statistical situation is at strong as ever. There is no reason excepting one that we know of why the output of raisins in California this year should not be marketed at good prices. The one exception we refer to is that if the growers continue to feel they must necessarily sell their crop within a period of sixty or ninety days from harvesting time, how can they reasonably expect to market their output at a high price?

The readiness of the growers and packers in pressing the sale of their product after the trade's first and early requirements are supplied will undoubtedly have a tendency to have a discouraging effect in Eastern merchants anticipating later requirements, favorably the lowering of market prices, driving the jobbers rather than encouraging them.

The principal object in sending you this communication is to point out that rapid transportation from an Eastern merchant's standpoint is very desirable and necessarily increases the volume of consumption and business.

S. I. Inderrieden Co.
Chicago, October 10, 1910.

LICENSES TO MARRY

Licenses to marry were issued yesterday by the county clerk to the following named:

Arshag Marderosian, native of Armenia, aged 25, and Martha Yazarian, native of Russia, aged 20, he a resident of Fresno City and she of Fowler.

Byron Elliott, native of Minnesota, aged 36, resident of Pasadena, in Los Angeles county, and Emma C. Rose, native of Ohio, aged 36, resident of California.

John McKune, native of California, aged 20, and Lenna E. Foreman, native of Kansas, aged 23, residents of Sanger. Mrs. Emma McKune gave consent to the son's marriage.

57 years is a long time, and when the Bitters has been able to hold public confidence right along it proves its merit. Therefore, for Stomach ills always take

ALL MY PIMPLES GONE

"I was ashamed of my face," writes Minnie Pickard of Altamont, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief for eczema and all other serious skin diseases that its value is sometimes overlooked in clearing up rash, pimples, blackheads and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of eczema or any other serious trouble, the soothing oil of White Glycerin, Thymol and other ingredients are so carefully compounded, there is no harshness to the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. It should always be kept on hand. By a recent arrangement with the D. D. D. Laboratory in Chicago, you can now get a trial size for 25 cents. This will give you positive proof of the wonderful effectiveness of this great remedy.

ASSOCIATE FORESTER POTTER TELLS OF FIRE PREVENTIVE MEANS PLANNED

Roads and Telephones in Reserves; Washington Official Here From Owens River Trip; 20,000 Acres There to be Restored to Entry.

Associate Forester A. F. Potter of Washington, D. C., came to Fresno yesterday on a short trip to see Forest Supervisor Charles F. Shinn, on his return from the Owens river valley to readjust the boundaries of the national forests. The residents of that district asked for the elimination of certain lands from the National Forest that at first were deemed necessary for the protection of the water supply for the Los Angeles aqueduct. A solution satisfactory to both parties was reached in the withdrawal of lands suitable primarily for agricultural purposes. During the past summer over 20,000 acres there have been recommended for listing for settlement under the Forest Homestead act. Mr. Potter also remarked a new form of agreement has been reached in regard to the development of water power sites that it is believed will be satisfactory both to the companies and to the public. Next year, he stated, the efforts of the department will be directed primarily to improvements within the reserves, tending to better protection from fire. In the past year the department has been engaged largely in the readjustment of forest boundaries.

"I am just passing through," said Mr. Potter last night in his apartment at the Sequoia. "I have just returned from the Owens river valley, and dropped in to see Mr. Shinn, as much from a desire to meet an old personal friend as to discuss forestry matters with him."

"I went to the Owens river valley at the request of Congressman Smith and of residents there to adjust some boundary matters. The residents asked for the elimination of certain land

apparently suitable more for agricultural purposes than as forest reserves which had been included in the withdrawals of 1907 to protect the water shed for the Los Angeles aqueduct, the right of way of which was granted in an act of 1906. I went over the ground with Mr. Mulholland, who has charge of the aqueduct, and later a very happy solution was found. The city of Los Angeles did not object to the elimination of the land suitable only for agriculture, and as this land was all that was asked for there was no trouble in eliminating it.

"During the past summer over 20,000 acres have been recommended for settlement under the Forest Homestead act in the Owens river valley alone. This would seem to indicate that the withdrawals of 1907 included considerable land that was not best suited for forest purposes."

WATER POWER AGREEMENT. Mr. Potter said that the department has recently approved a new agreement allowing the development of water power within the National Forests, which it is believed will be satisfactory both to the water power companies and to the public. The form of agreement is a long one, too long to go into details in an interview, but some of the provisions may be interesting.

"Provision is made for the issuance of temporary permits during a period of two years to persons wishing to develop water power. This provision will protect such persons during the time necessary for making accurate surveys of the project and for collecting the data on which the final agreement will be based. Thus other people will be prevented from jumping in on the same territory."

"The general provisions of the permanent agreement contemplate the full development of each water power site and granting permission to use it for a period of fifty years. Changes permit at the end of every ten years of a revision of the factors on which the charge for the use of the land is based, if the passing of lands into private ownership or changes in the boundaries of the forests require it."

"Some of the leading water power engineers and attorneys of the United States were consulted in the preparation of the new form of agreement, and the result meets with their general approval. It is believed that by it the extensive development of water power sites will be encouraged and that at the same time the interests of the people in the use of national forest lands will be protected."

RENEWALS TO BE GRANTED. "A renewal of the agreement may be granted if the permittee shall apply for one to the Secretary of Agriculture not less than two years nor more than four years before the expiration of the old agreement."

"Term of the renewal? Oh, really, that is too far ahead to see. In fifty years the conditions in the country may be entirely changed."

PREVENT FOREST FIRES. "In the coming year special attention will be given to improvements within the national forests."

"During the past year the attention of the Forest Service has been devoted principally to the resurveying and adjusting of boundaries of the national forests. As a result over 6,000,000 acres have been recommended for elimination and ultimately will be restored to the public domain. A considerable amount of this land is suitable for cultivation and without doubt will be taken up by settlers. The remainder, which is largely non-timbered land, will be open for free use by stockmen."

"No," said the boundary questions have been settled. The Forest Service will devote its efforts during the coming year to improvement work, especially to the construction of roads and trails so that the forests may be better protected in the event of serious forest fires, and so that reforestation of non-timbered lands may be effected. Some of the worst fires in the past summer started in inaccessible portions of the forest. They became serious because the men could not reach the fire while it was small, and consequently the flames got beyond the fire fighters' control. Good roads and trails will be built and telephone service will be installed so that when a fire starts men can be summoned quickly and forest fire fighters can be taken without delay to the place where attention is needed."

Supervisor Shinn, who was present, cited an instance recently where the forestry men in his district were compelled to fight a nine-day fire because it started in an inaccessible spot.

"You mentioned some small fire," he remarked, "but a big fire we had apparently never reached the papers. With telephones and good trails this particular fire could have been stopped at a cost of some fifty dollars and the timber saved when the flames started. As it was it took nine days of hard fighting to get the flames under control."

POTTER FROM CALIFORNIA. Associate Forester Potter is a Californian by birth. In 1883 he went to Arizona, where he was interested in livestock. In 1901 he entered the forestry service, through the agency of Gifford Pinchot as an expert in regard to grazing matters. After the recent changes in the Department of Agriculture he was made Associate Forester under Henry S. Graves.

PAYMENTS MADE FOR YEAR'S TAXES.

Cashier Smith took in \$4,170.51 yesterday as tax collections, being the largest day's receipts since the collection of taxes commenced one week ago on Monday. The total collections for last week were \$11,754.42. Cashier Smith reports further that payments are being made on both installments so generally that it may be stated to be almost a unanimous thing. Yesterday was received the first payment by mail that was for one installment only.

ANOTHER CHURCH ADDED TO SELMA.

Articles were filed yesterday with the Church of the United Brethren in Christ of Selma with Parley Allen, W. S. Van Emon, Sam Boat, N. W. Stewart and Charles E. Scott, all of Selma, as the trustees elected at a meeting of the church on the 24th of September, with J. L. Hildway as chairman and B. F. Snyder as secretary.

JUST ARRIVED. The finest line of writing paper which we will sell at reduced prices for a few days. See our windows. Smith Bros' Drug Store.

W. G. Barnum has Rialler beer on draught.

THE NOMINATIONS ARE ALL SETTLED

Two of the Team-Up Candidates Declined Honors Conferred on Them.

Socialist and Prohibition nominations for township nominations are evidently not in demand. Two written declarations were received yesterday of the choices conferred after a loss-up of a coin by the supervisors to decide who shall go on the ticket as between the nominees. The undecided nominations have been disposed of as follows:

Clivia township—Socialist nomination for justice goes to August Baker. Isaac Coberly declined the Prohibition nomination, so no one will represent the party on the ticket.

Flower township—Socialist nomination goes to J. W. Bradley for justice. Sanger township—Prohibition nomination for justice goes to L. C. Jolly.

In Linton township, R. Holsinger declined the Prohibition nomination for justice and the ticket will have another party void. For constable, F. C. Gibson will have the Socialist nomination.

WOMAN IS RUN DOWN; BLAMES EXPRESSMAN

Mrs. O. P. Birdwood of 705 O street was struck by a motorcycle ridden by Ernest Friesner of 618 H street, while she was crossing Tulare street at the corner of J. yesterday afternoon, and was thrown violently to the pavement. Though she was taken away from the scene of the accident, it was stated she suffered only minor injuries.

This accident, according to statements of half a dozen eye witnesses, was caused by a drunken driver, by W. D. Baylone, that made a short turn at the corner, swinging onto the wrong side of the street in so doing. It is said that the motorcyclist was forced to swerve suddenly to avoid the wagon, and in so doing brushed against the woman, throwing her down.

A committee of five men, Judge M. K. Harris, Louis Gundelfinger, Roy Hall, G. S. Waterman and J. D. Morgan, was appointed to meet the railroad commissioners when they come to town on Friday, and call their attention to some of Fresno's grievances, a

F. M. HILL IS ENGAGED AS TRAFFIC MANAGER BY ASSOCIATION

Man From San Bernardino Expected Here by November 1st.

Committee Named to Meet Railroad Commissioners on Friday Next.

The board of directors of the Traffic Association, at a meeting held last night, ratified the appointment of F. M. Hill, formerly of San Bernardino, to the position of traffic manager. It was announced that Hill will be here to take up the work on the first of the month.

Hill is stated by members of the executive committee, who made the selection, to be a man of experience in the work and to have made a good record in other cities where he has worked with traffic associations.

Practically all activity of the body will be suspended until the arrival of the manager here, and the next meeting of the board was set for 7:30 o'clock November 1st.

A committee of five men, Judge M. K. Harris, Louis Gundelfinger, Roy Hall, G. S. Waterman and J. D. Morgan, was appointed to meet the railroad commissioners when they come to town on Friday, and call their attention to some of Fresno's grievances, a

few of which have been presented to the commissioners before.

A letter was received from the Express Rate Conference of New York stating that the association has been enrolled as one of the petitioners to the Interstate Commerce Commission, asking for an investigation of express companies. It was stated further that organizations joining in the petition are not financially liable, but contributing to the necessary fund are voluntary. Action on the letter was deferred until Hill's arrival.

The board decided to send out to all members letters, asking that they make payment quarterly of their dues to the treasurer. It is explained that this method of collecting payment is undertaken as a means of saving the expense of hiring a collector to personally call on the various firms and individuals that are members of the body.

A set of printed records of decisions of the Interstate Commerce Commission in the so-called Pacific Coast and Intermountain cases, was received, and ordered placed on record for further use.

Reports made at the meeting showed that 111 contracts of membership representing about \$300 per month in money, have been signed.

LAS PALMAS LODGE, MASONS. You are requested to meet at the Masonic Temple, corner I and Tulare, at 1:30 Wednesday, October 19th, to attend the laying of the cornerstone in the new temple.

J. W. SMITH, W. M. RAY W. BAKER, Secretary.

MASONS, ATTENTION! All adjoining Masons are invited to attend the laying of the cornerstone in the new temple. Meet at Masonic Temple 1:30 Wednesday, October 19th. Las Palmas Lodge No. 368, F. and A. M.

J. W. SMITH, W. M. RAY W. BAKER, Secretary.

Home Comfort Assured by Using Cole's Original Hot Blast

It means comfort and health for you and your family to have comfortable living rooms—We want to sell you one of these truly marvelous heaters—

We know it will give you more home comfort for the money you spend for fuel than you have ever had before—

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—Cole's Hot Blast Heater is better because you can regulate it perfectly—

Cole's Hot Blast Heater gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. **The Remarkable Guarantee is—**

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.
- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

All we ask is that the stove shall be operated according to directions and connected with a good flue.

(Signed) COLE MANUFACTURING CO., Not Inc.
(Makers of the Original Patented Hot Blast Stove.)

Think what this economy of fuel means to you. Think of the comfort—no kindling or rebuilding of the fire in the morning. Simply open the draft. You live in an even temperature which means health to your family. Uneven temperature means colds or worse.

Burns any kind of fuel—Soft Coal, Hard Coal, Slack, Lignite or Wood. Over 60,000 of Cole's Hot Blast Heaters sold during the year of 1909.

Gassy Stomachs

Relief in Five Minutes From the Most Acute Suffering.

That lump of lead feeling will quickly leave the stomach; the digestive juices will commence to digest the food and your stomach will feel fine and satisfactory in five minutes.

That is, if you will simply swallow two M-A-N-A stomach tablets; if you won't, then you must suffer.

Perhaps you don't know that the San Joaquin Drug Company guarantees M-A-N-A tablets to cure any case of indigestion, no matter of how long standing, or money back.

Just ask the San Joaquin Drug Company about it, and get started on the right road to perfect health.

Perhaps you know that when your stomach is upset that your food doesn't digest, and consequently blood is not furnished with sufficient nutrition, to properly nourish the body.

If you are distressed after eating; if gas or sour food is forced up into the mouth, then your food is not digested; your food is fermenting, not digesting, and need them badly.

It's no easy matter to set the stomach right, if you start in time, and if your stomach does not properly digest the food you put into it, the proper thing to do is to get a box of M-A-N-A stomach tablets at once.

The San Joaquin Drug Company and druggists throughout the country will sell them on the money back plan, and on that basis no sufferer from indigestion can afford not to try them.

Clothes that stand up

under the season's test

Put Stein-Bloch Smart Clothes to the severest test of the season.

Wet them through in a fall rain storm.

Muddy them in a drive through muddy roads.

Stretch knee and elbow in a railroad trip—and see how they stand up under such treatment, compared with other clothes that you may have known.

Stein-Bloch know how to build and tailor clothes not only to look stylish, and to fit, but to wear.

FIRST ARREST MADE FOR FOREST ARSON

SAN FRANCISCO, Oct. 17.—Word was received here today that U. S. Deputy Marshal Kierman arrested William Longfellow at Hotel Mac, in Stockton county, yesterday on the charge of setting fire to the Klamath forest reserve.

This is the first arrest in the extensive efforts being made by the federal authorities to apprehend a number of men accused of setting fires during the recent forest conflagration on this coast.

Longfellow will be taken before U. S. Commissioner Webster at Stockton for his preliminary hearing.

CHARGED WITH EMBEZZLING FUNDS OF SAILOR SICK

SAN FRANCISCO, Oct. 17.—J. E. Williams, alias E. J. Clayton, who was arrested in San Jose on the charge of having embezzled money entrusted to him by the patients in the U. S. marine hospital here, was arraigned before U. S. District Commissioner Wright today and held on \$1000 bond. Williams was the pharmacist of the marine hospital.

ONE KILLED IN AUTO WRECK

AMOUNTING TO \$1000. A car driven by J. E. Williams, alias E. J. Clayton, who was arrested in San Jose on the charge of having embezzled money entrusted to him by the patients in the U. S. marine hospital here, was wrecked yesterday on the Carson road north of Ashcroft, B. C. The steering gear broke and the car was into the ditch and was overturned. C. H. Davis, a barber, was killed and Arthur Gibson and J. McCarroll, both injured. Henry Nord, the driver, was unhurt.

WORKING IN SPITE OF STRIKE

TAMPA, Fla., Oct. 17.—The thirty-five cigar factories, closed since the inauguration of the tobacco workers' strike on July 25th, were opened today. About 100 men returned to work and this entering wedge, the employers believe, will end the strike. More than 200 business men, sworn in as special officers, patrolled the city, dispersing gatherings of strikers and preventing meetings.

There was no rioting. The factories are opening under "open shop" rules.

WINS \$35,000 PRIZE

PAHIC, Oct. 17.—H. Wynne, the Dutch auctioneer who started yesterday in an attempt to win the prize totaling \$35,000 for a successful flight from Paris to Honolulu and return with a passenger, arrived at Honolulu, the French aviator, who also reached Honolulu, started back today.

Lois, a descendant of a Saint Quentin which he met with a trivial accident.

SERIOUS CAR COLLISION

LOS ANGELES, Oct. 17.—A bad accident narrowly averted on the Pacific Electric railway at the MacArthur station, when a car, coming from the north, crashed into a standing South-bound car, injuring several passengers, but only one seriously. A. T. White of this city was badly cut about the head and body. Nearly a hundred passengers escaped by wildly jumping out when the collision occurred. The accident was caused by the car, coming from the south, at too high speed to be able to stop.

PHILIPPINE ASSEMBLY MEETS

MANILA, Oct. 17.—The Philippine legislature was convened today. In his message Governor General Forbes congratulated the movement on the results of the Payne-Aldrich tariff bill and said the financial condition of the Philippines was satisfactory. The fiscal year closed with a surplus in excess of \$1,000,000.

MAHER'S BODY RECOVERED

SANTA CRUZ, Cal., Oct. 17.—The body of Thomas T. Maher, who was washed out the rocks at Lighthouse Point yesterday, was recovered today by fishermen. He had become entangled in the kelp, which kept him from sinking.

"GRANT" PLEADS NOT GUILTY

SAN FRANCISCO, Oct. 17.—On a charge of having murdered the body of John Swan, Dr. Robert Thompson, alias Grant, pleaded not guilty today before Judge Dunne. Dr. Thompson will be tried on the indictment charging murder before he is charged with the murder of Miss Swan.

THAT PAINFUL CORN

Dated Fresno, Cal., September 29, 1910.

NOTICE OF SALE

No. 13555. Notice of sale of real estate under execution.

In the Superior Court of the County of Fresno, State of California, Department No. 2.

R. W. Wink, plaintiff, vs. W. Weyant, defendant.

By virtue of an execution, issued out of the Superior Court of the County of Fresno, State of California, wherein R. W. Wink was plaintiff and W. Weyant was defendant, upon a judgment rendered on the 20th day of April, 1910, in favor of the plaintiff, for the sum of Five hundred and twenty-five (\$525.00) dollars, together with interest, I have this day levied upon all and singular the right, claim and interest of said defendant in and to the following described real estate, to-wit:

Lot 2, Section 28, T. 2 S., R. 10 E., S. 10 E., of the County of Fresno, State of California, containing eight (8) acres, more or less, and also the interest therein.

And I have this day levied upon all and singular the right, claim and interest of said defendant in and to the following described real estate, to-wit:

Lot 2, Section 28, T. 2 S., R. 10 E., S. 10 E., of the County of Fresno, State of California, containing eight (8) acres, more or less, and also the interest therein.

And I have this day levied upon all and singular the right, claim and interest of said defendant in and to the following described real estate, to-wit:

Lot 2, Section 28, T. 2 S., R. 10 E., S. 10 E., of the County of Fresno, State of California, containing eight (8) acres, more or less, and also the interest therein.

And I have this day levied upon all and singular the right, claim and interest of said defendant in and to the following described real estate, to-wit:

Lot 2, Section 28, T. 2 S., R. 10 E., S. 10 E., of the County of Fresno, State of California, containing eight (8) acres, more or less, and also the interest therein.

And I have this day levied upon all and singular the right, claim and interest of said defendant in and to the following described real estate, to-wit:

Lot 2, Section 28, T. 2 S., R. 10 E., S. 10 E., of the County of Fresno, State of California, containing eight (8) acres, more or less, and also the interest therein.

And I have this day levied upon all and singular the right, claim and interest of said defendant in and to the following described real estate, to-wit:

WILL ORGANIZE TO FIGHT SEEDER SUITS

Service of Subpoenas Followed by Move to Lize Up Growers.

MEET NEXT SATURDAY

Hearing of Preliminary Injunction Comes Up on Next Monday.

Subpoenas were served yesterday on various defendants in the seeder suit recently instituted by the United States Consolidated Seed Raisin Company of New York, in the United States court at Los Angeles, against the California Raisin Growers' Union, Inc., the California Raisin Agency and others using a pin roll seeding machine. Today is the last day on which these papers could have been served, and it is understood that the hearing of the preliminary injunction comes in Los Angeles next Monday, and all defendants are expected to appear and show cause why a permanent injunction should not issue, on November 1th.

Already the seeder concerns involved, largely growers' organizations, have called a meeting for Saturday to organize a defensive body.

It is pointed out that the service of the papers was made at the very latest possible date, and defendants yesterday were inclined to feel sore on this point, though it is stated that there is sufficient time in which to prepare for the appearance in the court at Los Angeles.

The case rests on an allegation that the Pettit patent, owned by the Consolidated, covers the type of machine used by the defendants, and therefore in using the machine they are guilty of an infringement of the patent rights of the "trust," so called.

The defendants are: The California Raisin Agency, Incorporated; Harauiloun Arakelian, Krekar Arakelian, Basil H. Paul, Madeline Paul, A. Sorenson, J. H. Dawson, C. W. Updike, Scott McElroy, J. M. Kneeland, E. M. Ingram, W. I. Tabbe, B. F. Leland, I. F. McFarland, J. C. Boyd, J. H. Dodson, Abin Olson, L. E. Hurley, B. N. Cook, and the Union Raisin Seeding Company of Fresno; the Dinuba Raisin Growers' Union and Water Billingsley, Charles W. Updike, Robert G. Kirk, John F. Bamm, and William F. McArthur of Dinuba, Tulare county; Kings County Raisin and Fruit Company, Lyman B. Chittenden, Ronald E. Sworcer, William J. Wilson, William L. Haug, and John T. Dunlap of Hanford, and the California Raisin Agency, Henry W. Rudy, Albert B. Nicholson, George A. Hare, David L. Bachman, Daniel K. Eymann, Edwin Thompson, B. E. Hutchinson, Frank Giannini and William Small of Fresno.

Following the service of the papers yesterday, several growers interested in the companies involved expressed themselves as favoring a mass meeting of growers in this city on Saturday for the purpose of getting a public statement before the men most vitally interested in the raisin business, of the scope and status of the raisin seeder suits. Last night this meeting was called. These people take the ground that the suits aim at nothing short of driving all seeding operations out of the hands of the growers, and that those who are controlled by the Consolidated, of whatever kind they may be, out of the game, thus concentrating the raisin seeding business absolutely in the hands of the circle of firms owning the patent rights. One of these men expressed his idea by suggesting the meeting be held by saying he "wanted to show the people that those fellows are trying to stifle all kinds of seeding besides their own." Arrangements made last night provide for a meeting next Saturday afternoon at Union hall, to begin at 7:30 p.m. The hall has been engaged and the preliminary lines already laid out. The California Raisin Agency, Incorporated, is a prime mover in the affair, and an informal meeting for about a dozen influential growers representing various districts have been arranged for this morning in the union headquarters.

Though plans for action at this meeting are not formulated, it is announced that a club for fighting the seeder cases instituted by the Consolidated will be formed, and floated as a means of protection against absolute monopoly in the raisin seeding business.

The union people state that sentiment is with them, and they believe all that is necessary is to get this organized, and they will have a chance in their fight.

ATTENTION REDMEN.

Brothers are wanted to attend the funeral of Brother Stokely of Arapahoe Tribe No. 76 at the hall this afternoon at 1:30 o'clock.

JOHN FLANAGAN, Sachem.

BUKER'S MAGIC PILLS.

Twenty-five cents a box at Buker & Colson's.

Glasses Correct

Errors of refraction and a long line of petty ailments due to eyestrain. They give you freedom from many aches and pains about the head, clear your vision, put new life and snap into your brain work—make it a pleasure instead of a drudgery.

Our successful record in correctly fitting glasses speaks volumes regarding our ability and fidelity to the patron's interest.

To delay is unwise, increasing both the expense and the danger.

MERCHANTS ASSOCIATION TO BE GUESTS AT RECEPTION

Business Men Today at the Hughes.

Party Will Visit Points in Valley Before Return; Hundred in Party.

At a reception this morning at the Hughes hotel, commencing at 8:30 o'clock, the business men of this city will be given an opportunity to meet the ninety to a hundred members of the Merchants' Association of San Francisco who are coming here on a special "personal visit" excursion.

The reception will last an hour or so, after which the visiting merchants, representing most of the wholesale lines of business in the bay city, will have a chance to inspect the commercial development of the valley.

The excursionists, who will include Charles S. Fee of the Southern Pacific, and H. P. Anagnost of the Santa Fe, have requested that no elaborate entertainment be supplied. The purpose of the visit is to establish a stronger bond of interest between the wholesale men of the city and the retailers of the valley. It is believed that with the better understanding resulting from the trip the commercial life of the valley, with ultimate benefit to the consumer, will experience much benefit.

The Fresno stop is the first made by the excursionists after their departure from Oakland. They will leave here at 1 o'clock in the afternoon for Fowler, and will also visit Selma, Kingsford and Hanford. They will leave the Kings county seat tomorrow morning at 11 o'clock for Leavenworth, Huron and Coalinga.

Other valley points swing back on their return trip. They will stop again at Fresno on the 22nd, when they will arrive, according to the schedule, at 2:30 p.m., to leave the following morning.

At Coalinga the board of trade of the oil town will tender a reception, and at other points through the valley preparations are under way for their entertainment. Nothing elaborate is planned, however, as the visitors simply wish to get a first hand view of the situation.

ARMENIAN CLUB GIVES PRAISE TO MRS. HOWE

Sends Telegram to Family of Late Philanthropist; Names New Officers.

The Armenian Citizens' club of this city last night at a meeting held in Judge Graham's court room passed resolutions of appreciation of the work of the late Mrs. Julia Ward Howe, and sent a telegram to the family of the deceased, expressing this appreciation.

The telegram was as follows: "To the family of Mrs. Julia Ward Howe, Middletown, R. I. 'In appreciation of the noble and philanthropic life work of the late Mrs. Julia Ward Howe generally, and more especially to the Armenian people in their most trying time, we on behalf of the Armenian community of Fresno county, California, extend our sincere sympathy.'

"The meeting of last night was a called session for the election of new officers. Those chosen were as follows: John Shishmanian, president; Dr. A. Shishmanian, vice president; Harry Rustigian, treasurer; H. Saravak, secretary.

A general meeting at which both Republican and Democratic candidates for office at the coming election will be asked to speak was particularly arranged for, and will be held at some date yet to be fixed.

EX-COUNCILMAN OF STOCKTON VISITOR

D. J. Matthews, a former councilman of Stockton, is spending a few days in this city. Mr. Matthews has been investigating the Fresno system of city government and taking notes on the business outlook in general. He is here mainly in the interest of the Mail, which newspaper he has been connected for many years. Stocktonians are now considering the question of adopting the commission form of government, which does away with party nominations, but from present indications a vote on the subject will not be taken before next May.

Mr. Matthews was an interested listener at the meeting of the city trustees last night.

Because he is alleged to have cut John Fries in the arm with a knife, George Schmidt was arrested last night for assault with a deadly weapon. Fries was taken to the emergency hospital, where his injuries were dressed by Dr. Floyd Burks.

FRESNO DAN OUSTED FROM FAMOUS WILL CASE

William C. Russell Declares Dakota Claimant Is His Brother.

SURPRISE TO LAWYER

Cartwright Has No Information About Sudden End of Big Contest.

Fresno Dan.

BOSTON, Oct. 17.—The longest contested probate case in the world, it is claimed, was settled tonight when William C. Russell of Fresno, declared that Daniel Blake Russell of Dickinson, N. D., was his brother, and a co-heir with him to the \$500,000 estate of his father, the late Daniel Russell.

The acknowledgment was made in writing and throws out the claim of the alleged Daniel Blake Russell of Fresno, Cal.

The foregoing Associated Press dispatch, received in this city last night, came as a complete surprise to those who have been interested in the case here.

George W. Cartwright, who represented the interests of Fresno Dan here, when informed of the dispatch, said he could hardly believe it to be true, unless a forgery had been made and he said he could not be led to believe that this had been done.

Within the past 19 days, information received by him from Boston, stated that Fresno Dan was living with William C. Russell in his home. Nothing in the way of trouble was ever intimated.

No information was received in this city last night regarding the reported settlement of the case other than the Associated Press dispatch and consequently, Cartwright was not able to speak authoritatively in regard to the matter.

He did state, however, that the suit was brought simply because William C. Russell did not want the name of the North Dakota claimant to be linked with his, as he firmly believed the provisions of the will even though he should be the right heir, all of the estate is bequeathed by the father to William C. Russell and the latter can do as he wishes about dividing with his brother.

BEST BILL OF SEASON AT S. AND C. THEATER

Manuel Romain and Co. Head an Excellent Vaudeville Show.

Manuel Romain, of phonograph record fame, and one of the leading lights of vaudeville, heads the best balanced bill of the season in Fresno at the S. and C. theater this week, opening with a matinee yesterday afternoon. The house was packed to the doors at the first performance last night and well filled at the second.

The show is superior to anything the S. and C. theater has given since invading the local theatrical field and the majority of the theatergoers know that the "five fine fellows" have given us several high-class shows.

With the bill is a class by itself, Manuel Romain, assisted by Sadie Palmer and Rocky La Roca, rounds out an excellent performance. It is a treat to hear Mr. Romain, whose work is able and humorous, in two scenes, describing "before and after the fall." Ranking next to Manuel Romain and Company in Miss Frances White, a singer, with one of the sweetest voices heard in vaudeville stage in this city. Miss White is playing an indelible engagement at the S. and C. theater and has become a prime favorite.

DEMOCRATS MEET IN ARIZONA COLONY

The Democrats held an interesting rally last evening in Arizona colony. Senator Cartwright and other candidates addressing a good sized audience.

In his address, which was the principal event of the evening, Senator Cartwright produced some letters from Republican members of the legislature telling of their regard for the work accomplished by the Fresno senator at Sacramento.

Other members of the Democratic county and state ticket also addressed the audience, which received them with applause.

Another rally will be held this evening in Temperance colony.

7 MORE I. W. W. MEN ARE THROWN IN JAIL BY OFFICERS

Arrested for Attempting to Speak Publicly on the Streets.

Thirteen Demand Separate Jury Trials Before Judge Briggs.

Seven more members of the I. W. W., arrested last night by the police and lodged in the county jail. There are now twenty of these men in jail awaiting trial.

A large crowd was gathered at the corner of I and Mariposa streets shortly after 1 o'clock last night to witness the expected clash between the I. W. W. and the officers. When thirty of their number were arrested Sunday night for speaking publicly on the streets, local leaders of the I. W. W. announced that they would speak again the next night, and as a result a large number were attracted to the scene to witness the attempts.

Twelve officers in uniform, some in uniform and some in plain clothes circulated throughout the crowd and upon each attempt made by I. W. W. men to speak, they were seized and hustled off to jail. A big force of deputy sheriffs was also on hand to assist the police in case the situation became too severe for them to handle, but their assistance was unnecessary.

The attempts to speak and the arrests were unaccompanied by any demonstrations. Members of the I. W. W. made no attempt whatever to assist their fellow members who were arrested, and those who were arrested made no resistance.

It was estimated last night that about 100 members of the I. W. W. were at the corner of I and Mariposa streets, but only seven made any active demonstration. Two of the men arrested, A. V. Roe and W. Lechner, were arrested for agitating and urging other members to get up and try to speak. Those jailed last night were R. Frisco, Peter S. L. Blank, H. Altmann, James Shipley, John Stine, A. V. Roe and W. Lechner.

MORE ARE COMING. Passenger brakemen on the southern run notified the police last night that about 75 or 100 more men were en route to Fresno to participate in the trouble which has just been started. All are beating their way on the brake beam.

The number of I. W. W. men in this city was augmented yesterday by the arrival of about fifty from the southern part of the state.

A movement was started last night by several local movements to devise means to rid the city of these undesirable characters. And it was announced last night that a mass meeting of citizens will be called in the near future if the trouble continues, for the purpose of organizing a force to drive these men from Fresno.

PLEAD NOT GUILTY. The thirteen men arrested Sunday night, before Judge Briggs in the police court yesterday morning and all pleaded not guilty. Each of the men demanded a separate jury trial. Judge Briggs set their trials for about the 15th of November and adjourned the hall in each case at 10 o'clock. These men will spend the next month in jail. Judge Briggs further announced that he will not give these men separate trials, as under the law he is not obliged to do so for misdemeanors. One man, probably F. H. Little, will be tried by a jury and the remainder will be released or sentenced, as the jury in his case decides.

WEALTHY RECLUSE OF STOKES VALLEY DIES

Horace Whitaker, the Stokes valley reclusive, who despite his wealth has lived for years in his mountain cabin, died at his home today, after a short illness, aged 80 years.

Whitaker is one of the best known figures of the region for twenty-five or thirty years, always in great simplicity. He decided to leave the University of California the so-called Whitaker tract, east of Oroville, in what is known as the Sequoia National Park, and was engaged to the National Park under the understanding that Whitaker was to be allowed to use from it all the wood he wanted, and that no living timber would be cut from it.

Whitaker had brick masons at work on his place, building for the last resting place of his body a vault. He will be buried on his home place, as was his wish.

To local fame Whitaker is known as one of the few men of this valley that have been able to win lawsuits from the Southern Pacific railroad. He has won two of three, and has enjoyed a reputation for astuteness as a consequence.

CANTON Y. M. C. A. MAN TO BE FRESNO GUEST

M. A. Kres of Canton, China, one of the foreign work secretaries of the Young Men's Christian Association, will be the guest of the local association this evening at a dinner to be served in the J street building. He will talk on "The New China," and also will touch on the work of the Y. M. C. A. in that land.

The dinner will not be limited to members, but any interested may come to hear him. Those attending will be charged twenty-five cents for the meal.

ENTERTAINMENT BOON.

A chorus of thirty workers gathered for practice last evening preparatory to the presentation of an interesting operetta, "On Plymouth Rock," by Jesse L. Gayer, lyrics by Alice D. Riley. The production, which will be early in November, will be under the direction of Prof. A. G. Wahlberg, who saw the operetta successfully given in Chicago under the direction of the writers.

The entertainment is to be given to raise money for the social committee of the association. Five socials will be given during the coming season. In addition to the operetta, which will be the second half of the program, there will be several other interesting numbers.

The Annual Sale of Blankets at Kutner's

A great tribute to the underbuying and underselling organization of The Big Store

Planned months ago to save its patrons money, this big sale has clearly demonstrated the way big events are featured.

These Fine Values On Sale Today

Blanket Time
Our Annual Blanket Sale met with a most generous response. There are many real blanket bargains remaining.
White Wood-Nap, big, fluffy, generous sized blankets... \$1.89
White Wool Blankets, made by the North Star Woolen Mill; that exceptional value in a white wool blanket at... \$5.00

REPUBLICAN RALLY AT PARLIER THIS EVENING

Needham to Speak Wednesday Afternoon at Fowler; at Clovis at Night.

The Republicans will hold a rally tonight at Parlier. A. M. Drew, candidate for the state senate, will speak, as will W. A. Sutherland, candidate for the assembly. Oils Turner will sing, and the meeting promises to be an interesting one.

The candidates of the Republican ticket generally will be at Parlier, and a representative list of speakers will appear to address the voters.

NEEDHAM COMING SOON.
Congressman J. C. Needham will open his campaign in this section on Wednesday afternoon, when he will address the voters at Fowler. Wednesday evening he will speak at Clovis.

NOTICE TO PROPERTY OWNERS.

You have read our recent notices and will admit that we represent companies who have the cash and the record to give you full protection against loss by fire. Now you want to be assured that we have the knowledge and experience to write and take care of your fire insurance properly. Having made this business a careful study and with twenty years' experience in writing fire insurance, we feel that you are justified and safe in placing your business in our hands where it will have our personal attention. Give us a trial. Noble Brothers Company.

So Much Has Been Said

So much has been said about the superiority of the wall paper that we carry that we are led to believe that we have secured an exceptionally good line. We seek the best at all times and while we sometimes make mistakes, we hasten to rectify them the minute it comes to our notice. We guarantee everything we sell, so that our customers are protected from any mistakes that we are liable to make. Our Fall showing of Wall Papers is now at its best.
